OxyMask™

Evolution of Innovation!

www.thebetteroxygenmask.com

One Oxy$_2$Mask™ replaces multiple traditional oxygen therapy devices

Clinician efficiencies | Inventory reduction | Medical waste reduction | Oxygen consumption reduction

Patient Safety

- Reduces the risk of CO2 rebreathing
- Reduces the risk of emesis aspiration
- For nose or mouth breather

Patient Comfort

- No build up of heat or humidity
- Reduces feelings of claustrophobia
- Unrestricted communication
- Access for fluids and oral medication

Oxy_2Mask^{TM}

Changing the game with velocity vortices

- The updated Oxy_2Mask design attaches the mushroom assembly directly to the diffuser wall as a baffle, with strategically positioned aerodynamic ports that act to direct the organized oxygen vortices with increased velocity specifically to the patient's nose and mouth

Reliable performance

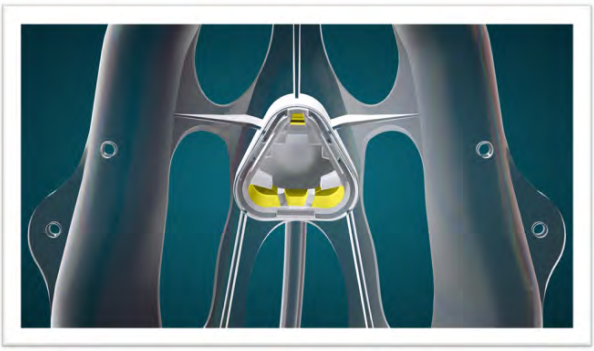
- The acclaimed flow dynamics of Oxy_2Mask have evolved, continuing to offer the full range of FiO_2 delivery from 24% to 90%

Dependable North American Supply Chain

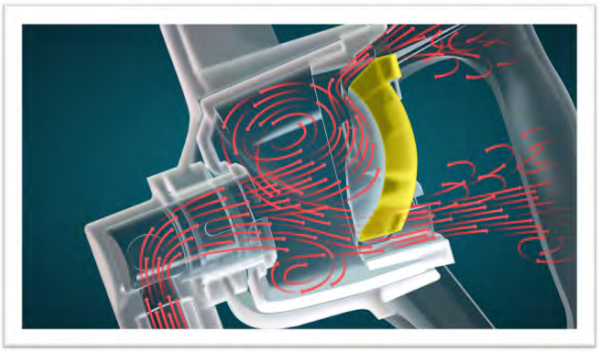
- The updated design includes a snap-fit assembly and locally sourced materials, resulting in consistent product availability

Specifications

- Delivers Oxygen flows from 1 to 15+ litres per minute - flush, 24% to 90% FiO_2 (Tyke size 1/4L to 5+, 22% to 65% FiO_2)
- Is not made with natural rubber latex or phthalates such as DEHP
- 360° swivel adapter
- 25 masks/case
- Four sizes available:
  - Adult
  - Plus (25% larger mask)
  - Kid (3 - 10 years old, 33 - 70 lbs / 15 - 32 kg)
  - Tyke 6 months - 3 years old, 16-33 lbs / 7 - 15 kg)



Oxy_2Mask with enclosed diffuser and directional ports



Side profile of the oxygen flow dynamics through the directional ports towards the mouth and nose (baffle highlighted).

Code	Description	Mask Size	Tubing Length	Elastic
OM-1125-8	Oxy_2Mask^{TM} Adult 7' tubing	Adult	7'	Single
OP-1125-8	Oxy_2Mask^{TM} Plus 7' tubing	Plus	7'	Single
OK-1125-8	Oxy_2Mask^{TM} Kid 7' tubing	Kid	7'	Single
OT-1025-8	Oxy_2Mask^{TM} Tyke 7' tubing	Tyke	7'	Single

**other variations, and non-PVC options available*
